

Made in Italy since 1945

## Model 0981 "Rubino"

### Technical Characteristics

1. Die-casted group with water circulating
2. Copper boiler 1.8L isolated
3. Automatic pump refiling with electronic level sensor
4. Stainless steel steam wand
5. Stainless steel water wand
6. Gauge to control boiler pressure
7. Magnetic sensor for water lack
8. Heater block system
9. Pump thermos-protector
10. New design stainless steel cup warmer
11. Water tank capacity 3Lt.
12. 1 or 2 cups filter holder
13. Adjustable stainless steel feet
14. Vibration pump with pulsor
15. Pressostat with security and vacuum valve
16. New handles
17. Upper frame in stainless steel

**WEIGHT : 20KG**

**POWER : 1500 W**

**VOLTAGE : 230V-5060HZ / 120V-60HZ**

**DIMENSION : L 26,5 X P 45 X H 36,5 cm**
